Title: Corrections

The State Division of Professional-Technical Education has identified the Idaho Department of Correction's Robert Janss School as the recipient of the Carl Perkins III 1% set-aside to serve individuals in institutions.

The Department of Correction is required to submit Local Annual Applications each year to apply for funding under the Carl D. Perkins Vocational and Applied Technology Education Act Amendments of 1998 (Perkins III). The Local Annual Application and estimated funding level are mailed in late April of each year.

Once the Local Annual Applications are received by the Division, the preliminary review process is completed within thirty working days. If deficiencies are noted during the review process the Department of Correction is notified in writing. A funding authorization letter is sent when the applications are approved.
